Workshop on Information and Communication Technologies (ICT)

Chair: Miljenko Mikuc

University of Zagreb, Croatia (miljenko@tel.fer.hr)

Call for Papers

Workshop on ICT will be held September 15-17 in Split, Croatia in the frame of the 13th International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2005), technically co-sponsored by the IEEE Communication Society (ComSoc).

Because of the pervasive and strategic nature of ICT in the modern knowledge society, this technology deserves our special attention. The main purpose of ICT workshop is to provide open forum for users, researchers and developers coming from industry, operators as well as university to discuss and to exchange knowledge and experience in new and emerging systems, standards and services, and their applications in telecommunications and information systems.

ICT workshop covers the same main topics as the SoftCOM Conference in general but the emphasis will be on application of recent ICT technologies to education, industry and services.

Accepted papers will be published in the workshop proceedings.

Topics of interest include, but are not limited to:

- * Communications Software
- * Interfaces and Communication Protocols
- * Telecommunications Services and QoS
- * Network Operations and Management
- * Internet and IP Based Environments
- * Autonomic Networks
- * Mobile and Wireless Communications
- * Optical and Photonic Communications
- * Multimedia and Virtual Reality Systems
- * Information Infrastructure and Security
- * Communication Theory
- * Multiple Access Techniques
- * Signal Processing and Coding
- * Electromagnetic Compatibility
- * Computer Methods in Biomedicine
- * Consumer Communications Technologies
- * Human-Computer Interaction
- * QoS and resource Management
- * Enterprise Networking
- * Research/Education Methodology
- * Access and Home Networks
- * Next Generation Networks and Services
- * Sensor Networks
