

13th International Conference on Software, Telecommunications and Computer Networks

SoftCOM 2005

September 15-17, 2005
Split (Croatia)

International Program Committee

Co-Chairs:

Nikola Rozic, Dinko Begusic
University of Split, Croatia

Sergio Benedetto
Politecnico di Torino, Italy

Horst Besier
Deutsche Telekom, Germany

Tony Bogovic
Telecordia Technologies, USA

Antun Caric
KATE-KOM, Croatia

Mario De Blasi
University of Lecce, Italy

Petre Dini
Cisco Systems, USA

Hrvoje Dujmic
University of Split, Croatia

Alex Gelman
Panasonic Research, USA

Roch Glitho
Ericsson Research, Canada

Francis Grenez
University of Bruxelles, Belgium

Gorazd Kandus
Jozef Stefan Institute, Slovenia

Yumin Lee
Chinese Inst of Elec. Eng, China

Pascal Lorenz
Univ. de Haute Alsace, France

Ignac Lovrek
University of Zagreb, Croatia

Gottfried Luderer
Arizona State University, USA

Andrej Ljolje
AT&T, USA

Hiroshi Masuyama
Tottori University, Japan

Dean Marusic
Ericsson - Nikola Tesla, Croatia

Ivan Mijacic
T-HT, Croatia

Miljenko Mikuc
University of Zagreb, Croatia

Naohisa Ohta
Sony Corporation, Japan

Stan Moyer
Telcordia, USA

Algirdas Pakstas
London Metropolitan Univ., UK

Nikola Pavesic
University of Ljubljana, Slovenia

Dragan Poljak
University of Split, Croatia

Vesna Roje
University of Split, Croatia

Branko Soucek
Iris, Italy

Krzysztof Wesolowski
University of Poznan, Poland

Heather Yu
Telecordia Technologies, USA

Workshop on Application of Multi-agent Systems

Chairs: Darko Stipaničev, Maja Štula

University of Split, Croatia (darko.stipanicev@fesb.hr, maja.stula@fesb.hr)

Call for Papers

Workshop on Application of Multi-agent Systems will be held September 15-17 in Split, Croatia in the frame of the 13th International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2005), technically co-sponsored by the IEEE Communication Society (ComSoc).

Multi-agent Systems and Intelligent Agents are regarded as most important areas of research and development in information technology. Software agent is the independent interactive software component capable to communicate with other agents and other entities using standard Agent Communication Languages (ACL). Multi-agent system is composed of multiple agents, and because of agents communication and cooperation capability it is able to solve problems that are beyond the abilities of any individual agent. Multi-agent systems have been found to have very wide applicability in diverse areas, from e-commerce to industrial process monitoring and control.

Paper length should be 3-5 pages in two-column IEEE format. Accepted papers will be published in the conference proceedings, and authors of selected best papers will be invited to submit an extended version of their manuscripts for publication in a special issue of the Journal of Communications Software and Systems (JCOMSS).

We cordially invite speakers who wish to present original papers on the following subjects, but not limited to these topics:

- * Agent Architectures
- * Agent Communication Languages
- * Agent Programming Languages
- * Agent Programming Environments
- * Agent-Oriented Programming
- * Agent Standardisation
- * Agent-based Workflow Management
- * Agent-based Monitoring and Control
- * Agent-based E-commerce, Markets, Auctions
- * Bidding and Bargaining Agents
- * Negotiation Techniques for Agent Systems
- * Conflict Resolution and Negotiation
- * Agent Teams, Organisations and Societies
- * Agent Group Dynamics
- * Mobile Agents
- * Planning and Coordination
- * Application of Multi-agent Systems
- * Intelligent Agents and Agent Intelligence
- * Social Impacts of Intelligent Agents
- * Evolution, Adaptation and Learning
- * Self-organising Agent Systems
- * Emerging Agent Technologies
- * Emerging Agents Organisations

IMPORTANT DATES

Complete manuscript due June 15, 2005
Notification of acceptance July 15, 2005
Camera-ready manuscript Aug.15, 2005

The 13th International Conference on Software, Telecommunications and Computer Networks (SoftCOM 2005), technically co-sponsored by the IEEE Communication Society (ComSoc), will be held September 15-17 in Split, Croatia. Split town is a golden spot on the Croatian Adriatic coast, the starting point for the most beautiful touristic destinations such as Trogir, a two millennia town monument under protection of UNESCO, Solin town with ancient Salona, the Kornati archipelago National Park with hundreds small islands – unique and luxurious in its beauty, the Krka river and Skradinski buk National Park, islands Brac, Hvar and Vis famous touristic destinations etc. Split town is the business, political and university regional center, an 1700 year old town with Diocletian Palace monument. One of the most interesting social event this year will be sailing from the Conference site to the Split harbor with guided tour of the 1700 old Diocletian Palace and attending the special program for SoftCOM participants.

More information about the Conference including details on the submission process and authors kit is available on the website:

<http://www.fesb.hr/SoftCOM>

Conference Secretary: Mladen Russo, University of Split, Croatia (softcom@fesb.hr)
